

May 2020

San Diego County Farm Bureau <https://www.sdfarmbureau.org/>

Their website says, "Ranking 19th in the nation, San Diego boasts top crops in nursery, avocados, tomatoes, citrus, poultry, and strawberries. Almost 70% of San Diego County Farms are 1-9 acres and nearly 35% are operated by women. San Diego county has more certified organic growers than any other county in the nation with more than 360 certified organic farms. The mission of the Farm Bureau is to foster San Diego agriculture through education, public relations, and public policy advocacy in order to promote the economic viability, sustainability, and community building of agriculture."

Here is a list taken from the SD Farm Bureau website of those who sell direct. Support our local growers.
