Scripps-Mesa Garden Club

Garden Tour Set for May Meeting

The May 24th meeting is a tour of Dawn Standke's garden in Penasquitos that is pictured above. Start time is set at 5:45 at her home. In the interest of security, the address will be sent to club members just before the event.

Dawn is a Master Gardener. She has attended the sustainable Landscape Workshop at the Huntington Gardens. She grows fruit trees, veggies and berries. Dawn has been involved with teaching gardeners how to run classes and is eager to share her gardening knowledge and experience with us.

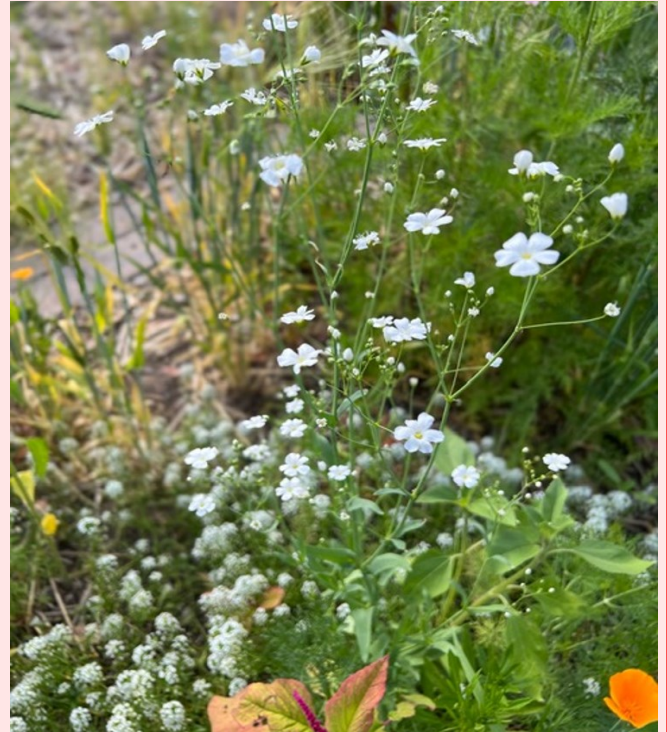

Plant Show SR Library 1:30 May 14

Do honeybees only harvest one type of pollen per trip?

May Garden Chores

- ◆ Continue to plant seeds for flowers, corn, green beans, melons
 - ◆ Keep watering as days warm
- ◆ Prune flowering trees when they stop blooming
 - ◆ Fertilize lawns, roses, citrus, avocados
 - ◆ Mulch 2 to 3 inches around plants
- ◆ Look for yellow or pale leaves with green ribs.
 - ◆ Apply chelated iron.

There are still many Garden Tours around the County in April & May.

Here is a link to the article that lists them.

Contributions of articles, suggestions, artwork, and gardening tips are warmly welcomed. This newsletter belongs to the Scripps-Mesa Garden Club members and is intended to reflect their gardening interests and experiences. Please take part in its mission and contribute an article or a photo.

The Snakeman ...

Patrick Brady, the Snakeman from Poway, regaled the club members with tales of his rescue adventures in local gardens at the April meeting.

That's his pet snake, non-poisonous, crawling up his arm.
